EXPERIENCE

Developer & Product Manager

Freelance

01/2023 - Present

- Built and monetized Newsboy API, an AI-powered news parsing service that structures and enriches financial and business news for downstream analytics and decision support.
- Designed and implemented data-tracking and monitoring bots for a digital advertising company, reducing incident response times by 80% and improving reliability of campaign reporting pipelines.

Product Manager

Enquire AI ↗

08/2023 - 05/2026

AI-native expert insights platform combining global experts with multi-model AI for real-time, decision-grade answers to business and investment questions.

- Led end-to-end development and launch of Enquire Copilot, an agentic workflow suite and AI-led expert insights marketplace that opened a new investment research revenue stream for Enquire AI.
- Redesigned client and expert engagement workflows (from question intake to payout), doubling expert response rates and driving Q&A and expert call volumes to all-time highs.
- Introduced AI-moderated expert interviews as a new product line, increasing median expert payouts by 1.5x while enriching the platform's proprietary insights library.

Product Analyst

Enquire AI ↗

09/2021 - 08/2023

- Shipped AI Recruiter bot, driving 5-digit expert growth yearly.
- Led data labeling, lifting AI project success 30% to 95% accuracy.
- Integrated real-time monitoring for UX/performance prioritization.

Cybersecurity Product Analyst

Kaspersky Lab ↗

11/2019 - 06/2021

- Led an ML data-labeling team to build training datasets for a real-time cyber threat detection platform.

SUMMARY

AI Product Manager with 6 years building and scaling B2B SaaS and expert-insights products, from concept to launch. Drives roadmap, experimentation, and go-to-market for AI-powered workflows, leveraging strong data analytics and user research to ship features that improve conversion, engagement, and revenue. Experienced leading cross-functional teams across engineering, data, and GTM to deliver reliable, API-first products for enterprise clients.
